Date:May 3, 2024Subject:Status of Deficit Reduction Plan – March 2024 ReportFrom:Kevin Stockdale, Chief Financial Officer

#### Background

On November 21, 2023, the Board of Education adopted a Five Year Forecast projecting cash deficits beginning in fiscal year 2024-2025 resulting from the expiration of federal grant funds (ARP/ESSER) provided in response to the COVID-19 pandemic. As a result, the Ohio Department of Education and Workforce (DEW) placed the district in fiscal precaution on November 29, 2023. In compliance with DEW's fiscal precaution process, the Board of Education adopted a Deficit Reduction Plan (DRP) on February 27, 2024 that reduced planned operating expenses and provided for positive cash balances in fiscal years 2024-2025 and 2025-2026. In addition to the information provided in the monthly General Fund Financial Report and Other Financial Information, the following updates are specific to the DRP. Unless otherwise noted, savings will continue from year to year.

#### Deficit Reduction Plan – Fiscal Year 2023-2024

**Summer Learning:** The district is **on-track** to save \$10.0 million resulting from a reduction to the 2024 summer learning program. That savings is to be realized, based on the approved summer offerings, memoranda of understanding with collective bargaining partners, and budgets.

#### Deficit Reduction Plan – Fiscal Year 2024-2025

**Central Office Reductions:** The district is **on-track** to save at least \$22.7 million from various central office reductions. These savings will result from decreased personnel and non-personnel spending. More specific savings will be available once the budget is approved.

**Healthcare Benefits Employer Share:** The district is **on-track** to save \$10.0 million due to a lower-than-previously projected increase in employer premiums for healthcare benefits. This is possible because the fund exceeds the recommended balance. During fiscal year 2023-2024, the cash balance of the fund responsible for paying healthcare benefits improved from \$29.5 million (June) to \$38.1 million (March).

**School-Directed Budgets:** The district is **on-track** to save \$17.0 million because the total pool of schooldirected budgets will remain flat, rather than increasing in school year 2024-2025. While the full school budgeting process has not completed, it appears that schools will work within the planned pool of resources.

**Out of School Time:** The district is **on-track** to save \$17.0 million by ending contracts with Out of School Time (OST) providers with the expiration of ARP/ESSER funds. The district continues to provide traditional after-school extracurricular and athletics activities. There is also ongoing work with partnering OST providers to find alternative funding sources.

**1:1 Device and Internet:** The district is **on-track** to save \$3.2 million by decreasing the number of planned device replacements and ongoing support for home wireless services.

**School Calendar Alignment:** The district is **not on-track** to save \$6.8 million by aligning academic calendars across schools. The school year 2024-2025 calendar retains extra minutes and extra days for all programs that had them in school year 2023-2024. District leadership are studying feedback to make a recommendation on calendar alignment in school year 2025-2026. These cuts have been offset with other reductions through the budget process that will be reflected in the May Five Year Forecast.

This information will be updated and included in future monthly financial reports to the Board.

#### **General Fund Revenues Year to Date**

Planned revenues are derived from the District's Amended Certificate of Estimated Resources and temporary annual forecast, updated September 26, 2023. An analysis of each major revenue category, plan and actual, is contained herein. Monthly projections are done on a straight-line basis based on prior fiscal years. Revenue projections will be updated with the submission of the November five year forecast.

Property Taxes (1.010 & 1.020) – Property tax receipts represent 40% of planned revenues and 48% of actual YTD revenues, excluding advances. Property taxes are levied and assessed on a calendar year basis while the school district fiscal year runs July through June. First half tax collections are received by the school district in the second half of the fiscal year. Second half tax distributions occur in the first half of the following year. The District has received 101% of planned YTD revenues in these categories.

General Property Taxes (1.010) – Class I, residential and agricultural property taxes, and Class II, commercial property taxes, make up this revenue category. For tax year 2023, the Class I rate is 39.03 mills and the Class II rate is 51.93 mills.

Tangible Personal Property Tax (1.020) – This revenue category is also referred to as Public Utility Personal Property Tax. This tax is levied on the assessed value of public utilities including electric, natural gas, and water, excluding municipally owned utilities. This property is taxed at the full voted tax rate, which in tax year 2023 was 76.70 mills. It is distributed twice annually, typically in August and March, by the County.

State Grants-in-Aid (1.035 & 1.040) – State aid accounts for 49% of planned revenues and 44% of actual YTD revenues, excluding advances. State aid is received through State Foundation settlements twice per month and contains both unrestricted and restricted revenue.

Beginning in FY 2022 Ohio adopted the Fair School Funding Plan (FSFP). Funding is driven by a base cost methodology that is determined by formula by the Ohio Department of Education and based on State budgets. The Base Cost is currently calculated for two years using a statewide average from historical actual data.

Unrestricted State Grants-in-Aid (1.035) – Unrestricted Aid is the portion of state per-pupil funding that is classified as unrestricted. For fiscal year 2024, the calculated base cost total for the school district is \$270,983,274, of which, the State's share is \$180,868,572 or \$5,533 per pupil.

With the exception of adjustments made during the school year's fall semester, this revenue is received at a steady rate throughout the fiscal year.

Restricted State Grants-in-Aid (1.040) is the portion of state per pupil funding that must be classified as restricted use. This revenue category is primarily made up of Disadvantaged Pupil Impact Aid, which directs resources to economically disadvantaged students, and Student Wellness and Success, which directs resources to supporting the physical, social, emotional, and intellectual needs of students.

The availability of resources from these revenue categories are subject to change based on the State's future Biennial Budgets.

Property Tax Allocations (1.050) – Property tax allocation primarily consists of reimbursements from the state of Ohio for local taxpayer credits or reductions. The state reduces the local taxpayer's tax bill with a 10% rollback credit, and 2.5% owner-occupied rollback credit, plus a homestead credit for qualifying taxpayers. In fiscal year 2024, approximately 10.4% local residential property taxes will be reimbursed by the state in the form of rollback credits and approximately 4.7% will be reimbursed in the form of qualifying homestead exemption credits.

This revenue category accounts for 3% of planned revenues and 2% of actual YTD revenues, excluding advances.

Receipts for this revenue category are received on a similar schedule to property tax, with one settlement in the first half of the fiscal year, and a second settlement in the second half of the fiscal year.

Other Revenues (1.060) – Revenues not previously included in other categories are included here. This category is comprised of tuition, fees, investment income, rental income, unrestricted gifts, reimbursements, and others. This revenue category accounts for 8% of planned revenues and 7% of actual YTD revenues, excluding advances. Other revenues typically have a large degree of month-to-month fluctuation due to irregular and unpredictable receipt dates. The school district's largest sources of other revenue are State Medicaid reimbursements and tuition adjustments applied to the State Foundation Formula.

Other Financing Sources (2.070) – This includes both Advances-In (2.050) and All Other Financing Sources (2.060). While significant in total dollar amount, these revenue categories are not part of the regular revenue operations of the district.

Advances-In (2.050) – This revenue category represents the repayment of an interfund loan made to other funds, by the general fund, in the prior fiscal year. The interfund loan is due to the timing of the receipt of reimbursements in state and federal grant funds as well as to cover budgetary deficits in other funds. Interfund loans are required to be repaid within the next fiscal year. The repayment of prior year advances was as follows:

Classification	Amount
Other Local Grants	727,356
Public School Preschool	137,715
Elementary and Secondary School Emergency Relief	56,416,959
Governor's Emergency Education Relief	1,103,013
IDEA, Part B Special Education	3,942,283

Title IV - Student Support and Academic Enrichment	3,058,256
Miscellaneous Federal Grant Fund	1,245,138
Total Advance-In	\$69,779,839

All Other Financing Sources (2.060) – Represents financing sources that are not interfund activity. For this fiscal year, they are comprised of refunds of prior year expenditures and are not a significant source of revenue.

**General Fund Expenditures Year to Date** 

At different points throughout the year, the school district adopts an updated appropriations measure, with permanent appropriations to be adoped at the Board's September business meeting. Until then, temporary forecasted expenditures will be presented as planned amounts. The District's legal level of control is at the fund level, however management tracks expenditures at a more detailed level. An analysis of each major expenditure, planned and actual, is contained herein. Monthly projections are done on a straight-line basis based on prior fiscal years.

Personal Services (3.010) – Salaries and wages represent 58% of budgeted expenditures, excluding other financing uses, and 59% of actual YTD expenditures. Salaries and wages are scheduled to increase, per negotiated agreement, at a rate of 2.00% in FY24. Actual growth, including new positions and other cost increases, is expected to be 3.71% compared to the previous year.

Benefits (3.020) – Includes healthcare, pension, workers' compensation, and other fringe benefits paid by the District on behalf of employees. Benefits represent 26% of budgeted and 27% of actual YTD expenditures. Benefits are expected to grow by 7.06%, as compared to the prior year. This increase is driven primarily by rising healthcare costs and personal service cost growth.

General Fund Expenditures Year to Date (Continued)

Purchased Services (3.030) – This expenditure includes contracted services, certain payments to other districts, student transportation, utilities, and certain meeting costs. This is the largest expenditure type, not related to employee costs, with 12% of total budgeted expenditures and 10% of actual YTD expenditures.

Large swings occur, typically near the beginning and end of the fiscal year in this expenditure. This is driven primarily by the renewal of annual contracts and tuition payments made to other districts.

Supplies and Materials (3.040) – This includes costs incurred for classroom supplies, textbooks, library books, electronic goods, food, and maintenance supplies. This expenditure represents 2% of total budgeted expenditures and 2% of actual YTD expenditures.

This expenditure is subject to large month-to-month swings due to accounting adjustments related to purchasing card transactions.

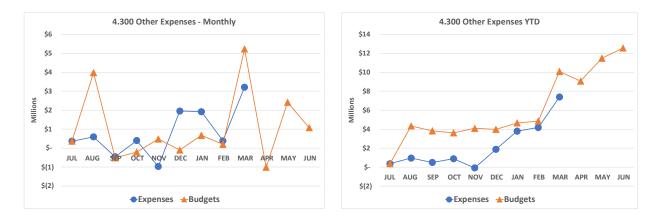

General Fund Expenditures Year to Date (Continued)

Capital Outlay (3.050) – This expenditure is the smallest within the general fund. It represents less than 1% of total expenditures. Costs included here are primarily equipment purchases. Most capital outlay costs are incurred by other funds.

Other Expenses (4.300) – This expenditure includes costs not already included in previously presented expenditures. The largest cost within this group is County auditor and treasurer fees on real property tax collection. The timing of these fees corresponds to the collection of tax revenue. This represents 0% of budgeted and 2% of actual YTD expenditures.

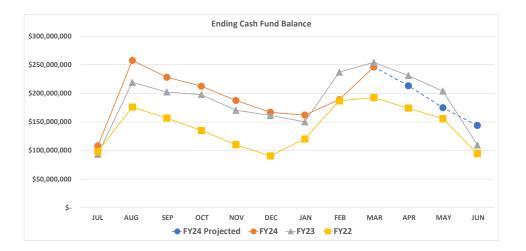

Advances Out (5.050) – This expenditure represents an interfund loan made to other funds by the general fund. The interfund loan is due to the timing of the receipt of reimbursements in state and federal grant funds as well as to cover budgetary deficits in other funds. Interfund loans are required to be repaid within the next fiscal year. This cost is typically incurred in June every fiscal year.

Negative ending grant balances are due to the timing of reimbursements from the State. Expenditures are made, then reimbursed afterward. When revenue is received, the funds will be made whole.
